

Accounting & Financial Women's Alliance

CONNECT • ADVANCE • LEAD

*Membership* Delivers Value to Employers and Employees

### EDUCATION

AFWA offers another opportunity for professionals to earn valuable continuing education credits - in both technical and professional development fields of study. And for those pursuing higher certifications, scholarships are available.

### LEADERSHIP SKILLS AND MANAGEMENT EXPERIENCE

AFWA is a training ground for young leaders. Through Board and Committee volunteer roles, members lead meetings, develop strategic plans, manage projects and events, and motivate other volunteers.

### BUSINESS REVENUE

Many AFWA members can say they have brought in client revenue, directly related to their membership in AFWA. Local networking and contributing opportunities deliver brand recognition, and AFWA's Find a Pro Public Directory makes it easier for potential clients to find your business.

### INDUSTRY INSIDERS

AFWA members become industry insiders when they network with professionals from other local firms and businesses - bringing new ideas to your business, gaining knowledge about your community, and connecting with experts nationwide.

SAVVY  
SERIES

Webinar series offers free professional development CPE. Past topics include:

**Your Personal Leadership Style:**  
Keys to your success

**Emotional Intelligence:** "People Person Skills"
