

Chapter Achievement Awards

2019 Call for Submissions

You've worked hard to grow and improve your Chapter this year - from fun events that generated excitement among your members, to small wins that your leadership is most proud of. Now is your chance to be recognized for your Chapter's achievements. What did your Chapter accomplish this year to increase membership, improve engagement, or build awareness? Did you host a successful event or program? Remember, ideas both big and small can have great pay-off.

Chapter Achievement Awards will be awarded to chapters who have demonstrated excellence in any area over the last year. Your submission may focus on a specific initiative such as a membership campaign, communication plan, programming schedule, community service project or volunteer engagement. Or you may provide an overall summary of your Chapter's successes and achievement over the last year.

All activities must have occurred between July 1, 2018 and June 30, 2019.

To nominate a specific member for her contributions, download and submit the 2019 Member of the Year application
